## IMPLEMENTATION APPROACH

LISTEN ➤ DIAGNOSE ➤ DESIGN SOLUTION ➤ LAUNCH & STABILIZE ➤ MEASURE & IMPROVE

## IDEAL CUSTOMERS

Not every shipper needs a dedicated warehouse, but every shipper needs reliable capacity. Evans Warehouse Solutions supports manufacturers, distributors, retailers, and beyond managing growth, project-based storage, oversized products and specialized services such as order rework, crating and returns. Whether bridging a gap or supporting ongoing programs, Evans delivers reliable solutions without long-term infrastructure commitments that will keep your network moving forward.

## NEXT STEP

Provide EVANS with your key deliverables, site requirements, volumes, velocity, and timeline so we can develop a right-sized warehouse operating plan to support implementation.
